

# ITB #26-21 FUEL CONTRACT

Addendum #1:

Posted: May 28, 2026

1. How many vendors will be awarded for this contract? **Currently only one vendor, but the bid does state it may be split awarded.**
2. Is an overall proposal (methodology, executive summary, project timeline, etc.) required with the bid submission? In addition to the documents required on the checklist form. **Yes. In addition to the documents required on the checklist form, bidders should include an overall proposal outlining their methodology, executive summary, delivery approach, and anticipated timeline. This information allows the County to better evaluate the bidder's understanding of the contract requirements, operational capabilities, reliability of fuel supply, emergency response capacity, and overall ability to successfully perform the services outlined in the annual fuel contract.**
3. Can I get bid tabulations from the last bid? **See below Tabulation from Bid #23-14 Fuel:**

Vendor	E-10 Gasoline Unit Price	Diesel Fuel 2 Ultra Unit Price	Amount based on estimated gallons	
Colonial Oil Industries	+.0658	+.0847	\$ 14,595.00
